Retriever News / Entry Express

We are very fortunate to have a friend in our sport like Kate Simonds. Her love for and dedication to our sport continues to surface throughout the full breadth of retriever field trials. Kate has presented to the National Retriever Derby Club a truly unique trophy to be awarded to the winner for their possession and proper stewardship until the following year's competition. At that time, the next National Derby Champion will accept custody for the subsequent year. And so, a new tradition is underway.

Now on to the trophy itself. This trophy is comprised of the traditional look of a solid sterling silver, sculpted, retriever jumping through the "D." The two-tiered base is a granite finish, which is a new look. Together the presentation is a blending of new and tradition, much like the event itself.

The retriever was sculpted by Carol Bunyon of Stowe, VT and Brays Island, SC. The entire trophy was designed and constructed by Ferro Jewelers of New York and Stowe, VT.

A Few Words from the President of the National Retriever Derby Club

On behalf of myself, the board of directors and the formulation committee, I want to welcome all of you to the second annual National Derby Retriever Club Championship.

We are privileged to again be welcomed to Wood Dale Farms, the magnificent venue provided to us for this event through the generosity of Mr. and Mrs. Robert Hayden.

Since its inception, the National Retriever Derby Club has been focused on providing a chance for both handlers and fine young retrievers to showcase their talents and have an opportunity to achieve a National Championship Title. A large part of our motivation has also been that by creating this event, increased interest in Derby competition would be generated, leading perhaps to greater participation at many levels. It is my hope and belief that this is occurring.

As you participate in this event and as you travel to other trials in the future I hope that you will think of yourselves as ambassadors of our wonderful sport and keep recruitment foremost in your thoughts and actions. Without this sport the wonderful canine athletes that we all love would not exist.

I would like to thank just a few of the many people who have been instrumental in this event. Our Chairman, Robby Bickley has invested a prodigious amount of time and effort into knitting this event together. Thanks to his efforts we can look forward to a well-organized trial.

Our club secretary John Stracka has once again worked tirelessly to shepherd us forward and lead us in the right direction. Thank you for your many contributions.

I would like to again thank Mr. and Mrs. Robert Hayden for their generous support and the use of their beautiful property.

Finally, I would like to thank Retriever News who has supported the National Retriever Derby Club since its inception. Their work and assistance on our behalf has helped our organization.

Now I would like to focus on the competition itself. We have an excellent panel of judges, a beautiful piece of property and a fine field of young retrievers. I am privileged and excited to be able to participate in this event. I wish you all the best of luck as the trial progresses. Enjoy yourselves and remember, it's all about the dogs.

National Derby Championship Rotation Order

The starting dog's number will be drawn at the General Meeting the day previous to the beginning of the trial. Each rotation segment is determined by dividing the number of contestant dogs listed in the catalog by a figure of four (4). The rotation numbers will be announced prior to adjourning the General Meeting. Beginning with the starting dog selected during the meeting, this division determines the dogs that start each successive rotation, where a rotation may include more than one series. If any of the numbers are not listed in the callbacks, the next higher number will start. Unequal divisions shall be rounded up to nearest whole number.

By example, dog 20 starts a 75-dog trial. The rotational division would be;

75 divided by 4 = 19 dogs in the rotation where the rotation would be

Example: 75

Dogs Entered / 4 = 19:

1st - 20

2nd - 39 (= 20+19)

3rd - 58 (= 39+19)

4th - 2 (= 58+19)

Actual (#) _____

Dogs Entered / 4 = _____

1st - _____

2nd - _____

3rd - _____

4th - _____

Following the fourth rotation, the rotation returns to the starting dog of the trial (20), excluding that dog, and beginning with dog 21, or the first working dog after 21, five (5) working dogs (dogs listed on the callbacks) are counted and the sixth dog would start the fifth rotation.

Rotation for the remaining series of the trial will be, beginning with the dog that started the previous series and excluding that dog, counting five working dogs and the sixth dog would start.

No dog will start any completed series more than once. If the rotation landed on a dog that had previously started a completed series, that dog would be skipped unless all remaining dogs had already started a series and then the dog that was the first to start a series of the remaining dogs in the trial would be starting dog.

The Field Trial Marshal will administer and interpret this procedure in conjunction with the Field Trial Committee.

Field Trial Etiquette

1. Please stay in the area designated by the officials.
2. While dogs are being tested, either on land or in the water, please silence cell phone use, refrain from loud talking or other noises, also from unnecessary motions; all may be distracting and may seriously interfere with the dog work.
3. Do not applaud until the dog has completed the test, and is leaving the line.
4. Please cooperate with those responsible for the proper conduct of this championship stake, especially with respect to the handling of traffic.
5. Please show your appreciation for the hospitality extended to us. Help keep the grounds clean and **NO SMOKING** outside your vehicle.
6. The National Retriever Derby Club promotes and expects ethical behavior by all participants at our annual event. When training, attending the trial itself, or attending the many activities around the trial, always think first of sportsmanship, etiquette and the good of the sport. The showcasing of the finest our sport has to offer is the true reason we have assembled. That standard should never be violated or compromised.

YOUR COOPERATION IS APPRECIATED

This is the Second Annual National Derby Championship Trial. It is conducted by the National Retriever Derby Club, Inc., under license from the American Kennel Club, Inc.

Qualification for the 2018 NRDC Championship will be five or more Derby points, as recorded by Entry Express and verified by Retriever News. (5 points for 1st place, 3 points for 2nd place, 2 points for 3rd place and 1 point for 4th place.) The qualification period is recorded as all Derby points earned while under age two, which qualify for the Retriever News National Derby List. Any dog under age two on the start date of the first series of the event with the requisite five points verified may enter the event.

The Championship event will be managed such that we are completing the trial within five days in no less than eight series and not more than ten series. National Derby Championship Stake includes at least eight tests or series equally divided between those on land and those on water.

At this trial the judges will place only the winning dog, which is thereby entitled to the official designation, “*National Derby Champion of 2018.*”
