Training Property Guidelines

The following “Guidelines” list important considerations for the use of the pre-National Training Grounds, thanks to the generosity of the owners, are available for our use. These are in no way meant to cover every possible consideration. When in doubt, use common sense and courtesy. Remember, we are invited guests on these properties. The Training Property sites are open from 8 am to 5 pm.

1. The properties listed in the Training Guide are all private grounds. We are their guests and should act accordingly.
2. The use of these grounds shall be coordinated through the Field Trial Committee and the random draws for property use.
3. No one may contact owners for individual or group use or access these properties except through the FT Committee.
4. The regulations listed for each property are in addition to these general guidelines.
5. Unless instructed otherwise close and secure all gates at all times.
6. Keep vehicles to the edges of fields and away from pond banks. Access fields only with UTV's or 4-wheelers and when wet walk into all grounds.
7. Be wary of livestock and neighbors. Never shoot in the direction of any visible livestock or residence.
8. Unless otherwise noted, smoking on any property is prohibited, except in a closed vehicle.
9. Remove all of your trash, including spent shells, dead birds and any other trash you find. Do not leave food scraps or spilled dog food on the grounds. Some properties specifically prohibit feeding on the grounds.
10. Stay well-away from residences.
11. Dead birds must be disposed of in plastic bags in approved trash containers or may be dropped at the National Trial Grounds where they will be disposed of properly.
12. By entering any of these properties you acknowledge the risks inherent in outdoor sports whether such risks are apparent or hidden. All participants accept those risks and agree that they alone are responsible for the health and safety for themselves and others in their group. Participants, by their use of the properties, acknowledge that they hold the property owners, NRDC, its officers and members harmless and free of any liability for any accidents, injuries or damage to their persons or vehicles. Entering any the properties is further subject to the participants' agreement to be held fully responsible for any damage, accidental or otherwise, to the property and any animals, facilities, buildings or equipment located on the property.
13. Enjoy these wonderful properties. But, please, be courteous to the landowners and their neighbors.

Note: For all properties in the Training Guide – No driving trucks on pond dams. Please use ATVs or walk-in.

Training Property #1

DAVID CALLIS — SEDALIA, MISSOURI

Property Description: 204.57 acres
