Training Property Guidelines

The Kentucky Department of Fish and Wildlife Resources welcomes all competitors and workers to the West Kentucky Wildlife Management Area for the 2022 National Retriever Championship! This WMA provides almost 6,500 acres of mixed habitat and water managed for hunting, fishing, and performance dog training and testing.

Please keep in mind that the WMA is a multipurpose, public recreation area, and as such, will be in use by fishermen, small game hunters, and archery deer hunters during the event. Below are some guidelines for use of the WMA during the event:

- Dog training and events are supported solely on this WMA by the sale of hunting and fishing licenses sold in the state of Kentucky. Please keep that in mind when encountering other recreational users during this event.
- Street legal vehicles should be kept on gravel or hard surfaced roads at both training and test sites unless otherwise instructed by the Traffic Committee.
- Training sites may be accessed by using ATV's and UTV's off of maintained roads. ATV's and UTV's may be driven on gravel WMA roads, but should not be driven on numbered state highways or Boldry School Road.
- Do not enter areas marked as "CLOSED" unless expressly authorized by Trial Officials or WMA staff.
- NRC Participants should be aware that Kentucky's statewide rifle deer season opens on November 12. While this is not open on the WMA, please be aware that most neighboring properties WILL be hunted, and consider this while traveling and airing dogs.

* **SPECIAL NOTE:** Western Kentucky has experienced historic drought since July. While water bodies on test sites are in excellent condition, ponds within designated training sites are extremely low and should not be used. Additionally, please consider your surroundings if "cooking out" during the event or if you're a smoker.

All our best wishes to the dogs that have earned
the privilege of competing at the

2022

National Championship!

Congratulations

from your friends at Purina –

An aerial photograph of a golf course. The foreground is dominated by a large, vibrant green fairway. In the middle ground, a winding water hazard (pond) reflects the sky. The background shows a dense line of trees and rolling hills under a clear blue sky. The word "Thank" is superimposed in a large, white, cursive font with a grey drop shadow at the top of the image.

Thank

**The National Retriever Club Thanks the West Kentucky
City of Paducah, Kentucky for their Help and Support**

An aerial photograph of a wildlife management area. On the left, a winding pond reflects the sky. The central and right portions of the image show large, green agricultural fields with visible furrows and a dirt road. In the far distance, a power plant with several tall smokestacks is visible against a clear blue sky. The text 'You!!!' is overlaid in a large, white, stylized font with a drop shadow at the top of the image.

You!!!
